### Did You Know?

If all women of childbearing age consumed sufficient amounts of folic acid, 50 to 70 percent of birth defects of the brain and spinal cord could be prevented, according to the U.S. Centers for Disease Control and Prevention (CDC). Yet, only 15 percent of women ages 18 to 45 are aware that the U.S. Public Health Service recommends all women of childbearing age consume 0.4 milligrams (mg) of folic acid daily either from dietary sources or vitamin supplements, according to a survey conducted by the Gallup Organization for the March of Dimes Birth Defects Foundation. Thermojetics® Multivitamin-Mineral & Herbal Tablets are loaded with folic acid and a good source of a multitude of other vitamins, minerals and herbs.
